The Scottsdale Gun Club strives to provide “The Ultimate Shooting Experience” to everyone, every time. With friendly and knowledgeable staff, complete training resources, and plenty of product selection, we offer our community unsurpassed service, safety and education. Take full advantage of SGC to feel empowered, gain greater confidence, and most importantly, have fun!
THE ULTIMATE SHOOTING EXPERIENCE

Scottsdale Gun Club offers an enjoyable and convenient air-conditioned environment to shoot in. The range consists of 32 shooting lanes equipped with 25-yard target retrieval systems. Unlike many ranges that use evaporative cooling systems, our entire range is air-conditioned. This provides a stable climate controlled shooting environment year round.

We have spared no expense to make your range day enjoyable. Our targets are adjustable to digital precision, which eliminates the guess work on setting your target distance. We have also eliminated the biggest complaint indoor shooters have - the “static target.” While we recognize the importance of square range practice, we also know shooters need something different and more challenging at times. Our target system is capable of a variety of movements such as charging, retreating, or facing and edging on timed intervals.

To enhance the safe, comfortable and open feeling, Scottsdale Gun Club has installed Level 3 ballistic glass panels between each of our shooting lanes. Every new range attendee must also watch our safety video briefing to ensure that all guests have the same comprehensive understanding of safety, and an enhanced shooting experience.
Start shooting in minutes! No membership is required. Convenient, family-friendly, safe, and clean, SGC has a total of 32 lanes with 25 yard digital target retrieval systems. Plus, unlike most ranges that use evaporative cooling systems, our entire range is air-conditioned to provide you a stable climate-controlled shooting environment year round.

- No membership required
- State-of-the-art 25 yard air-conditioned shooting lanes
- Adjustable targets to digital precision
- No static targets! Our targets can face, edge, charge, and retreat
- Level 3 ballistic glass lane divider panels
- To ensure every shooter understands safe range practices, everyone must watch our safety video
- Minimum age: 8 years old (with guardian)

As your “one stop shop” you have a resource you can trust for all things firearms. Our heritage was born from product knowledge, and the collective insights provide are unequaled and will ensure your satisfaction.

- Fundamentals of Marksmanship
- The maintenance and cleaning of a firearm

**REQUIREMENTS**

- At least 12 years old
- Minors must be accompanied by a Legal Guardian

---

Handguns are fun to shoot, but they are also a great self defense tool. Our series of Defensive Handgun classes will guide you through four different levels, advancing your skillset along the way. Attend just one class or take all four to take your handgun shooting skills to levels most never attempt.

The Defensive Handgun series starts you off with the basics. This includes handgun manipulations, defensive mindset, tactics, and practical marksmanship. Phase 2 moves into firearm presentation for multiple target engagements, various shooting positions, malfunction clearing, magazine exchanges and more. Getting even more advanced, Phase 3 gets into using low light tools such as lights and lasers, and walks you through various threat/non-threat scenarios. Finally, Phase 4 gets you moving! This final course is held down range where you’ll be moving, shooting, working with obstacles, and more!

**TOPICS (CLASSES 1-4)**

- Proper Mindset
- Defensive Tactics
- Marksmanship
- Handgun Manipulation
- Malfunction clearance
- Four point draw
- Magazine exchanges
- Malfunction clearance drills
- Proper presentation of the firearm
- Varied shooting positions
- Tactical use of a flashlight
- Primary and support hand shooting
- Lasers
- Threat scenarios

**VARIous REQUIREMENTS**

- Handgun
- Multiple magazines
- Well constructed holster
- Sturdy belt
- 150-250 rounds of ammunition
- Must be 18 years old
- Must be competent with the operation and handling of your Hand gun

---

**TRAINING COURSES - See more at ScottsdaleGunClub.com**
The shotgun is a gun of many uses, and in skilled hands it becomes even more versatile. Join the ranks of experienced shotgun handlers!

Defensive Shotgun is a fun beginner’s course that teaches you how to be in complete control of one of the most versatile firearms available. This class will cover the presentation, shooting, reloading, manipulation, and ammunition selection for the shotgun. We will also demonstrate the effective distances for this classic weapon. This class is suited for the first time shotgunner as well as the defense oriented shooter.

**Topics**
- Presentation
- Manipulation
- Ammunition selection

**Requirements**
- Personal Shot Gun with Case
- 60 rounds of Buck Shot
- 5 rounds of Slugs
- Tennis Shoes
- Must be 18 years old
- Shotgun must be equipped with a stock

---

This class gives you a proper introduction to the long gun, keeping you from creating bad habits that are hard to break.

The Carbine 1 is a two day class designed to give the beginning shooter a thorough introduction to the AR-15/AK-47 rifle platform. Other carbines of similar style are also welcome. This class will take the beginning shooter into the intermediate level. Completion of this course will qualify the student for a “Tactical Qualification” rating on the range.

**Topics**
- Marksmanship
- Rifle Operation
- Maintenance
- Zeroing
- Positional shooting

**Requirements**
- Rifle
- 3 Magazines
- 1 Magazine carrier
- Sling
- 200 rounds
- Long pants
- Knee pads
- Elbow pads
- Low profile ear protection
- Bi-pod & mat are optional
- Must be at least 18 years old
- Moderate physical ability
## Realtor Safety Seminar

The nature of the real estate business puts agents at risk on a daily basis. Real Estate professionals are a prime target for criminals. This class is packed with tips on how to minimize your risk.

The premise of this class is to educate people in the real estate business to the dangers of meeting strangers in secluded areas with little or no information about the person or the area of the meeting.

We will discuss how to prepare a location for an open house, what to check when determining escape routes, and what to look for when approaching potential clients. We will also talk about developing a personal safety program.

## NRA Pistol Instructor

If you’ve ever been interested in becoming an NRA Certified Pistol Instructor, now’s your chance! Upon successful completion of this class you will be certified to instruct NRA Basic Pistol courses.

If you are 21 years of age or older and have the knowledge, skills and attitude, you now have the opportunity to become an NRA Certified Instructor. The NRA is looking for new instructors who enjoy working with people and want to share their firearm knowledge and skills with others. As an instructor, you can experience the personal satisfaction of teaching others the basics that will lead to a lifetime of safe, enjoyable and successful involvement in firearm and shooting activities.

When life expectancy is measured in seconds and help is minutes away, will you know what to do? That is a question that we all need to be able to answer with a resounding, “YES!”

The Direct Action Response Training course fills a niche between military self-aid/buddy care training and civilian EMS training and is geared towards those with little to no medical training or background. It provides the student with critical, need-to-know information, which can be utilized in a myriad of situations and stresses the ‘you don’t know what you don’t know’ principle as well as our own principle of “Simplicity Under Stress”. The course is 2 days in length with a total of 16 hours of classroom work to include slide presentations, videos, question and answer sessions and hands-on practical skills application.

TOPICS

- Physiological and Psychological reactions to environmental stress
- Basic Anatomy and Physiology of life-sustaining systems
- H, A, B, C's - Hemorrhage, Airway, Breathing and Circulation
- Breakdown and usage of Individual Med Kit components
- Hands-on application of the IMK
- Basic and Advanced Airway management. Treating and monitoring tension pneumothorax, sucking chest wound and flail chest
- Airway adjunct device placement
- Nasopharyngeal Airway
- Application of Bandages and Hemostatic Agents
- Application of tourniquets
- Recognition and Treatment of various injuries (Gunshot, Laceration, Burn, Airway, Head, Orthopedic, Environmental)
- Recognition and treatment of hypovolemic (hemorrhagic) shock
- Moving and positioning victims with various injuries
- Mass casualty triage procedure
- Much, much more

REQUIREMENTS

- No prerequisites/previous training required.
- Minimum age 16 (with written approval of parent/guardian)
