

GUNSMITHING

PRICING GUIDE

Please note, all prices reflect labor only unless otherwise specified. Prices & wait times are estimates subject to change dependent on project requirements. We will contact you if the cost exceeds your original quote.

We operate on a first come first serve basis, and our wait times reflect this. On occasion we will accept expedited jobs at our discretion. Expedited jobs will be up-charged at a rate equal to the amount of time reduced from our original wait time.

*For example, if the standard wait is 4 weeks and we agree to complete your job in 2 weeks your quote will be increased by 50%.

DISCLAIMERS

Rust Removal:

Modern firearms in need of moderate rust removal will incur an *additional \$25 charge*. ProCleans of *severely rusted* firearms will be charged an amount equivalent to the estimated time to clean at the *shop bench rate (\$/hour)*. Customers should be made aware at every opportunity that removal of any corrosion or patina from vintage or collectible firearms can potentially decrease the value of said firearm.

Heavily Accessorized Firearms:

At the discretion of our gunsmith, firearms found to have excessive accessories attached at the time of check-in which will significantly increase the labor, time, and part management involved in the cleaning of said firearm will incur an *additional \$25 charge* for cleaning.

Suppressors:

We do NOT accept suppressors for cleaning. Additionally, firearms heavily fouled from suppressor use will incur an *additional charge* to be determined by our gunsmith at the time of check-in.

Conditions and Exclusions:

- We reserve the right to refuse any work. This includes *DEACTIVATING SAFETIES* or any work that we deem would render a firearm unsafe
- If test-firing is required, it will be performed using factory ammunition. We *DO NOT* perform *TEST FIRES* with hand-loaded, steel-core, or military surplus ammunition
- Firearms not claimed within *30 DAYS* of customer notification will incur a *STORAGE FEE* of \$30/month
- All *CLASS III/NFA* firearms *MUST* be accompanied by a copy of the appropriate paperwork when dropped off
